

# Y Out of School Care

## What is Y Out of School Care?

Y Out of School Care includes Before School Care, After School Care and Holiday Programmes. Held at schools and YMCA centres, we are more than just babysitting - we aim to be the place kids want to be if not at school or home!

Our programmes are based on three fundamental themes - Active, Create & Life Skills, and programmes include FIVE fun-packed zones: Engineering Wonders, Cool Builders, Future Inventors, Sporty Stars, & Super Artists. Kids (and staff!) get to experience a range of 'all things cool' to explore, innovate, self discover, and just have an epic time!

**Y Out of School Care - Fun. Done. Right.**

## What roles are available?

### Team Leader

In charge of the programme, the Team Leader leads the staff team which can vary from 1 Team Member to 5, depending on programme size. Due to MSD requirements, the Team Leader must be over 20years old with at least two years experience with children. Great communication skills and a passion for working with children is a must.

### Team Member

The ideal team member has a passion for working with children, interested in sports, STEAM or crafts, able to talk to a range of ages and has the ability to follow directions. Minimum age is 16 years, there is no maximum! This is a great position for uni students studying in the fields of sport & rec, education, social work or psychology as it gives you heaps of experience.

### Y Active Sport Coach

Our Y Active coaches are passionate about movement and sport! From encouraging kids to pick up sports equipment for the first time, to motivating the next sport stars, this role has it all! Running in our after school care and holiday programmes, you need to be adaptable and energetic.

**NOTE; ALL ROLES ARE SUBJECT TO POLICE VETTING AND REFERENCE CHECKS**
